Sea Otters (6-9 yrs): Sea Otters is a beginning level class designed for the older child with no prior swim lesson experience. Children will be introduced to basic skills such as breath holding, submerging the face, front/back floats and crawl, side breathing, supported kicking, scooping and gliding. Upon successful completion of Sea Otters, students progress to Level 1.

Level 1 (5-9 yrs): Prerequisites: Must have passed Minnows or Sea Otters. Must be able to float and glide unassisted on their back and front (with face in water) for five yards. Skills in elementary backstroke arms and underwater swimming will be strengthened. Will be introduced to coordinated arm strokes and side-breathing for the front/back crawl.

Level 2 (6-12 yrs): Prerequisites: Level 1. Class is taught in deeper water; children must be comfortable swimming without support. Emphasis will be placed on improved side-breathing and endurance for front crawl. Students will be introduced to breaststroke arms and kicks, as well as backstroke kicks.

Level 3 (6-12 yrs): Prerequisites: Must have passed Level 2. The breaststroke and backstroke kick will be strengthened and swimmers will learn to coordinate breaststroke and backstroke arms and legs. Students will be introduced to the sidestroke and treading water. Deep water safety skills will be emphasized.

Waterbabies (6months-2yrs): Parents and children will explore the pool together, sing songs, engage in beginning swimming skills and water safety. Parent participation required.

Private Lessons are also available. Children receive one-on-one instruction on specific skills and water safety tailored to their individual skill levels. Private Lessons are (2) thirty minute lessons on Friday and Saturday.

SENIOR DAY TRIP

RIDE THE SKUNK TRAIN

This 2 hour round trip will take you from the Willits valley floor to the highest point on our rail line. During this trip you will pass through Tunnel #2 and descend into the redwood-thick Noyo River Canyon – an amazing ecological wonderland, and an excellent opportunity to discover the mighty giants that made Mendocino County famous.

The train will stop briefly at Crowley while you enjoy the splendor of one of the oldest and most iconic trees along our route. The Wolf Tree was so named for the large growth off of one side – woodsman called these wolf trees because they choke out smaller trees and underbrush. Passengers are able to get off the train during our stop at Crowley, to better enjoy the views. You'll make the trip to Crowley on board one of our historic Diesel-Electric engines.

We will have lunch in Willits at the Munchery before heading back to Windsor.
